Planter's Special Price List---For Fall 1929

To our mail order trade:

We have a few facts to tell you, backed up by our millions of choice, healthy, vigorous, well grown and graded Peach, Apple, Pear, Cherry and Plum trees, also Berry plants, California Privets, Barberis Thunbergi, Evergreen Shrubbery, and Asparagus plants, etc.

Our stock has made a fine growth. You can't get better anywhere at any price.

The best is the cheapest, is the verdict of old, experienced orchardists—profit by facts established by others. We ship direct. We are the lowest priced Nursery on earth for sterling quality. We attach Entomologists certificates to all shipments.

Nothing you can grow will give you the permanent income that comes from an orchard.

Place your orders now. Make sure of your trees. Name kinds, grade and number wanted. We will reserve the trees until you want them shipped.

Special Discount—We will allow a special discount of 8 per cent on all cash orders received on or before Oct. 1st; after that date 3 per cent discount for Fall shipment 8 per cent discount before March 15th; after that date 3 per cent discount for Spring shipment.

Boxing and Packing Free—We box and pack all orders without charge. All orders are put up in boxes or bales which are lined with heavy paper to guard against stock drying out. The trees and plants are packed in moist excelsior and straw. This is expensive, but good packing pays—pays customers, pays us. We guarantee the arrival of stock in good condition.

Grading—We guarantee every tree to be up to the grade specified, or better. Many times trees are sold by height only. This, we believe, to be very misleading as we have seen trees which belonged to the second or third grade (if graded by size and caliper) sold for first grade, as they had the required height. We grade and sell our trees both by height and caliper, and believe this to be the only way that gives entire satisfaction to the planter.

Guaranty. While we exercise the greatest care to have our trees and plants true to label, and hold ourselves prepared to replace, on proper proof, all that may prove untrue, we do not give any warranty expressed or implied, and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the trees.

Location—Westminster is located twenty-eight miles northwest of Baltimore, on the main line of the Western Maryland R. R., running from Baltimore to Pittsburgh, which gives us good shipping facilities.

Our Soil is a deep limestone and rolling, and our nursery grounds lay high, which is just the kind to grow plenty of fibrous roots and form a good stem that will support a tree when it is transplanted into the soil.

Special Prices on Large Orders. Special quotations on large orders will be given on application. When writing, tell us what varieties are wanted, the approximate number of trees of each variety, and the size.

Can't you arrange to visit our nursery and see how we grow our Stock?

NOTE:—1 TO 4 TREES OR PLANTS OF A KIND ARE SOLD AT "EACH" RATES; 5 to 29 ARE SOLD AT THE "10" RATES; 30 TO 299 ARE SOLD AT THE "100" RATE; 300 ARE SOLD AT THE "500" AND "1000" RATES.

All stock nicely packed F. O. B. cars here, in good boxes or bales at prices named in price list.

TERMS:—Orders from parties without rating, billed cash before shipment or one-quarter cash with order, balance when stock is shipped. If all cash with order you get the discount. No discount unless all cash with order. This price list is our salesman, and opens the way for every planter to secure our sterling quality trees at the lowest possible prices.

We pay all parcel post, express and freight on all stock except evergreens over 18 inch grade. The printed price is all you pay. Note special discount for all cash with orders. Also refund postage used in sending in order.

PRICES NAMED IN THIS PRICE LIST SUPERCEDE ALL FORMER QUOTATIONS AND ARE SUBJECT TO CHANGE

Parcel Post Size 2 to 3 ft. and 3 to 4 ft.

Our Peach Trees have made an excellent growth and will grade up fine and we have a good supply to offer. Mostly 5 to 6 ft., 4 to 5 ft. and 3 to 4 ft. trees. Nice trees. A large stock of Elberta, J. H. Hale and Roberta.

I wish to call your special attention to the fact that every one of our large stock of peach trees are budded on North Carolina Natural seedlings, the most hardy in the U. S. Our trees are well grown, smooth and well rooted. Our prices are low, considering the quality. Let us have your order at once that we may reserve the varieties for you. Notice about time of Ripening for Westminster, Md.

A PARTIAL LIST OF VARIETIES

Belle of Georgia (Ea. Aug.)	Smock Beers (Sept. 25)	Mayflower (July 1)
Champion (Aug. 25)	Fox Seedling (Sept. 15)	Mt. Rose (Aug. 15)
Chair's Choice (Sept. 12)	Greensboro (July 4)	Niagara (Sept. 10)
Crawford's Late (Sept. 18)	J. H. Hale (Sept. 10)	O. M. Free (Sept. 15)
Carman (Aug. 5)	Hiley Early (July 20)	Reeve's Favorite (Sept. 12)
Captain Ede (Sept. 5)	Stump (Sept. 20)	Roberta
Elberta (Sept. 1)	Salway (Sept. 30)	Rochester

We pay all parcel post, express and freight on all stock except evergreens over 18 inch grade. The printed price is all you pay. Note special discount for all cash with orders. Also refund postage used in sending in order.

Add 5c per tree extra for the following New Jersey varieties of Peach trees:

GOLDEN JUBILEE—A second generation seedling of Elbertas and Greensboro. It is similar to Elberta in tree habit and form and appearance of the fruit. It is essentially an extra early Elberta. The quality at New Brunswick in 1925 and 1926 has been fully equal to, if not better than, Elberta.

ECLIPSE—A self-pollinated seedling of Belle. A dark red, yellow-fleshed freestone peach of firm texture and good flavor, ripening with Hiley. Size equal to Hiley, tree more vigorous. Fruit oval, flesh fine grained, excellent shipper, hangs to the tree well. Recommended as a variety to replace Hiley.

CUMBERLAND—A seedling of Belle crossed with Greensboro. Large, oval, white-fleshed, usually free. Ripens a few days before Carman. Recommended as a variety to precede the Carman season.

ROSEBUD—A seedling of Carman crossed with Slappey. White-fleshed almost freestone, excellent quality, ripening a few days after Greens-

boro. Bright color, oval shape, flavor resembles Hiley. Promising as an early variety to follow Greensboro in the home orchard.

MARIGOLD—A seedling of Lola crossed with Arp. An early yellow-fleshed, semi-cling peach of medium size, attractive color, and high quality for its season. Ripens at least a week before Carman.

ORIOLE—A seedling of Slappey crossed with Dewey. A yellow-fleshed freestone of exceptional quality, medium to large size, ripening 5 to 7 days before Carman. Not equal to Golden Jubilee as a commercial variety.

DELICIOUS—A seedling of Belle crossed with Greensboro. A round, white-fleshed freestone of good size, exceptional color and high quality, ripening with Carman and Radiance.

MASSASOIT—A seedling of Slappey crossed with Dewey. A dark red, yellow-fleshed freestone of good quality ripening with Carman and just after Oriole. Skin tender, flesh melting and juicy.

PRICES OF ALL VARIETIES OF PEAR TREES

Note the Evergreens, Privet, Barberry, Shrubbery, Asparagus, Rhubarb, and other stock we are offering. We would appreciate the opportunity of quoting you letter prices on orders calling for quantities.

This price list contains greatly reduced prices, on some items due to the fact that it has been issued many weeks after our 1929 catalogue was received from the press. Use this price list for prices, and ask for our new 1929 Catalogue for description, which will be mailed to you promptly.

NUMBER OF TREES TO AN ACRE

30 feet apart each way	50	10 feet apart each way	345
25 feet apart each way	75	8 feet apart each way	684
20 feet apart each way	110	6 feet apart each way	1,210
18 feet apart each way	135	5 feet apart each way	1,742
15 feet apart each way	205	4 feet apart each way	2,723
11 feet apart each way	300	3 feet apart each way	4,840

RULE—Multiply the distance in feet between the rows by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill, which divided into the number of feet in an acre, 43,560, will give the number of trees in an acre.

DISTANCE FOR PLANTING

Standard Apples	,	30 to 40 feet each way
Standard Pears and strong growing Cherries	,	20 feet each way
Standard Plums, Apricots, Peaches, Nectarines	,	14 to 18 feet each way
Dwarf Pears	,	10 to 12 feet each way
Grapes	,	rows 8 to 10 feet apart, 7 to 8 feet in rows
Strawberries, for field culture	,	1 by 4 feet apart
Strawberries, for garden culture	,	1 to 2 feet apart
Raspberries	,	rows 4 to 6 feet apart, 2 to 3 feet in rows

We pay all postage, express and freight on all stock except evergreens over 18 inch grade. The printed price is all you pay. Note special discount for all cash with orders.

SHIPMENTS BY PARCEL POST cannot be larger than 72 inches including the length and circumference of the package. Weight must not exceed 70 pounds within the First and Second Zones—that is within a radius of 150 miles of the shipping point; elsewhere, not more than 20 pounds can be sent by Parcel Post.

Parcel Post. Trees not larger in size than 2 to 3 feet can be sent by parcel post prepaid, at 3 cts. per tree extra.

HOW TO CARE FOR TREES WHEN RECEIVED

If Frozen when Received bury the package unopened in well drained ground or place it in a cool cellar, so that it will thaw out slowly and gradually without being exposed to the air.

If they should appear Dry or Shriveled When Received, through delay in transit, or from any cause, take them from the package and plunge into a tub of water or bury the roots in the ground in an inclined position, so as to cover one-half or more of the tops with earth, and then thoroughly soak with water, and then let remain for twenty-four hours or more, until they regain their fresh, plump appearance, when they may be planted.

Our Guarantee—While we exercise the greatest care to have every tree and plant true to name and are ready, on proper proof, to replace anything sent by us that proves untrue to label, free of charge, it is understood and agreed between purchaser and ourselves that we are not be held liable for any greater sum than that paid us for said trees that may prove untrue.

Time of Shipment—To the Fall trade, we will commence to ship trees as soon as the leaves are off and the wood ripe, and plants about the 1st of October and continue as long as the weather is mild. For the Spring trade, in most seasons, we can fill orders as early as February for the South, as late as May for the Northern customers. Always name date when you want stock shipped, but have it reach you before you need it. We endeavor to handle your stock in the best manner, pack it up nicely and give you good count.

When Best to Order—Order now, do not wait until you are ready to plant. Your order will not be shipped until the proper time.

How Best to Remit—Remit by Bank Draft, Express Money Order, or Post Office Money Order on Westminster Post Office, Registered Letter, or stamps for the fractional part of a dollar. Payments invariably in advance.

Prices named in this list supercede all former quotations and are subject to change without notice.

Claims for Deduction should be made within five days from receipt of goods.

This special price list is our agent and the kinds and varieties of stock named herein are comprised largely of the stock we grow.
